

Using Rally Test Uploader.

Now you can upload testcases without CA Agile Central-Rally Plugin for excel by using the below template in XLSX Format with the correct input values can upload tests in Rally

Maintain the exact row-column reference in the provided template.

	A	B	C	D	E	F
1	Workspace	Cisco Information Technology				
2	ProjectName	PSA-DPM				
3	UserStory Num	US99071				
4	Story Name	Upgrade Oracle project interface to Mule 3.8 version				
5	TestFolder	TF15620				
6	Priority	Important				
7	Method	Manual				
8	Type	Progression				
9	Owner	cpandit@cisco.com				
10						
11	Tests					
12	TC#	Testcase Name	Description	Step#	Expected	Description
13	1	Verify whether Owning Delivery Group field is removed	Owing delivery group should be remor	1	Precondition	User with Deal Accelerator, CRT, and Biz Op:
14				2	Login as CRT User	admin should be available
15				3	Navigate to an opportunity main page	Should be able to login
					Verify whether Owning Delivery Group	Opportunity Details should be shown
					field is not present and is replaced with	Group should be visible and Owning Del Grp

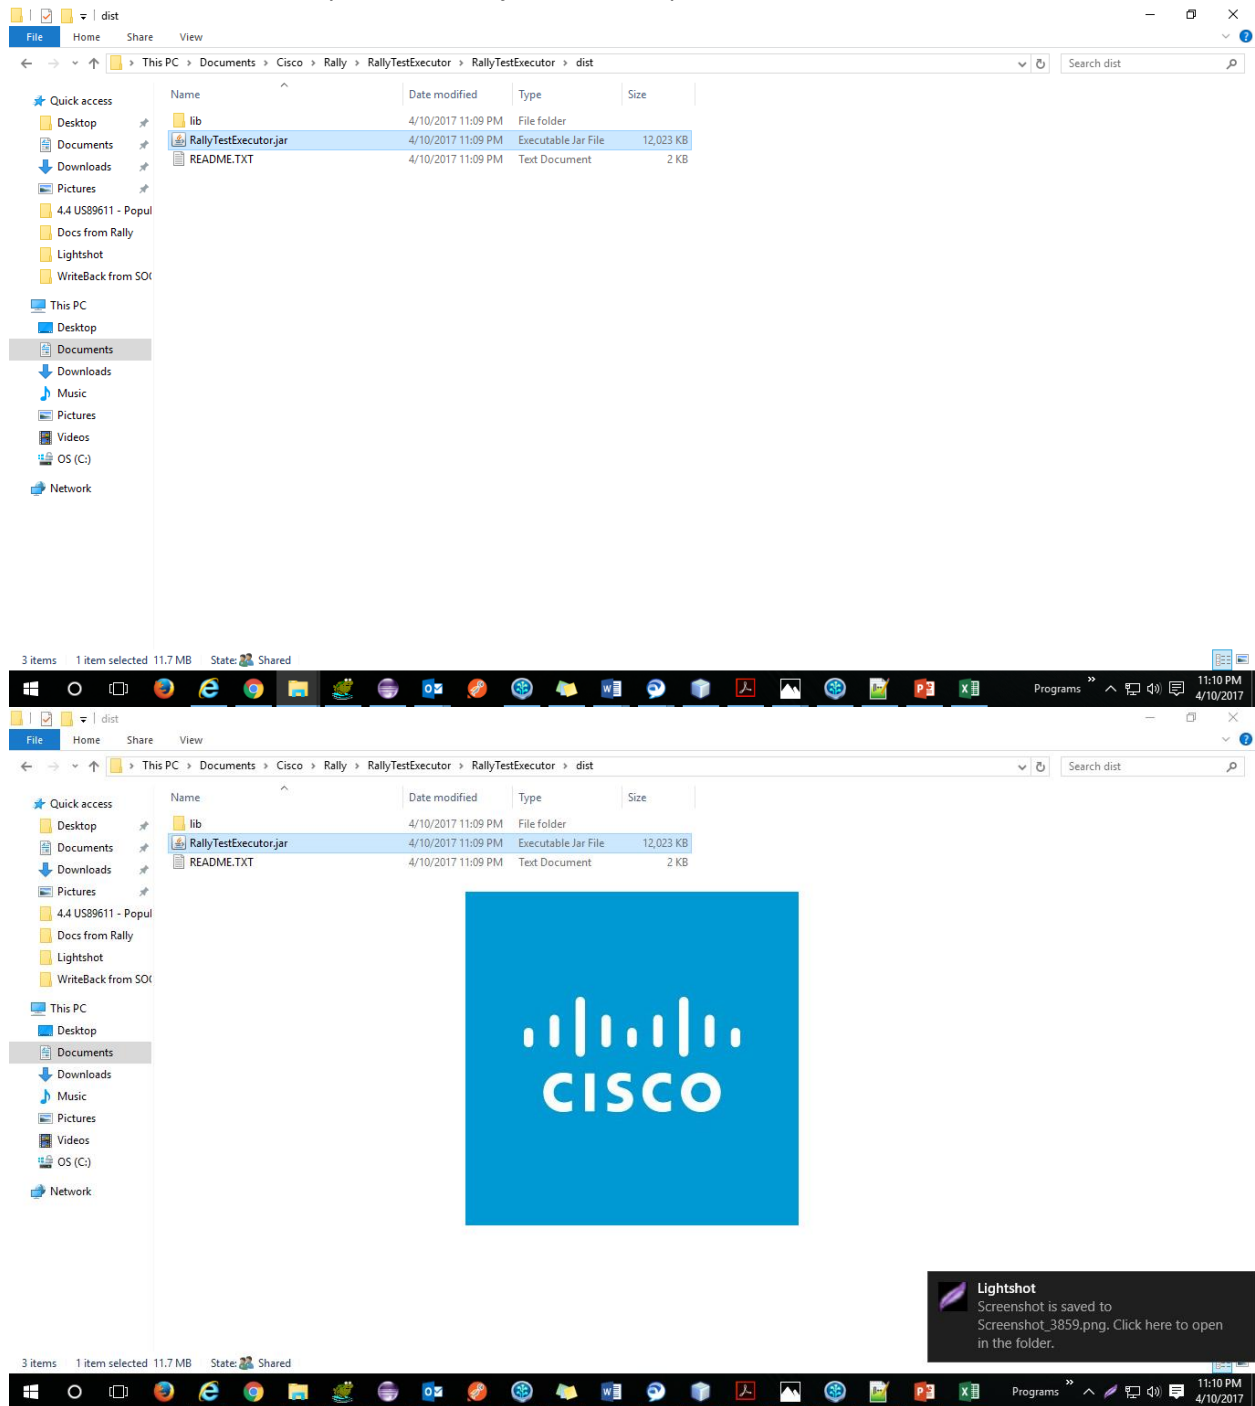

Steps to upload tests in Rally.

Create a blank test folder in Rally > Quality > Test Plan

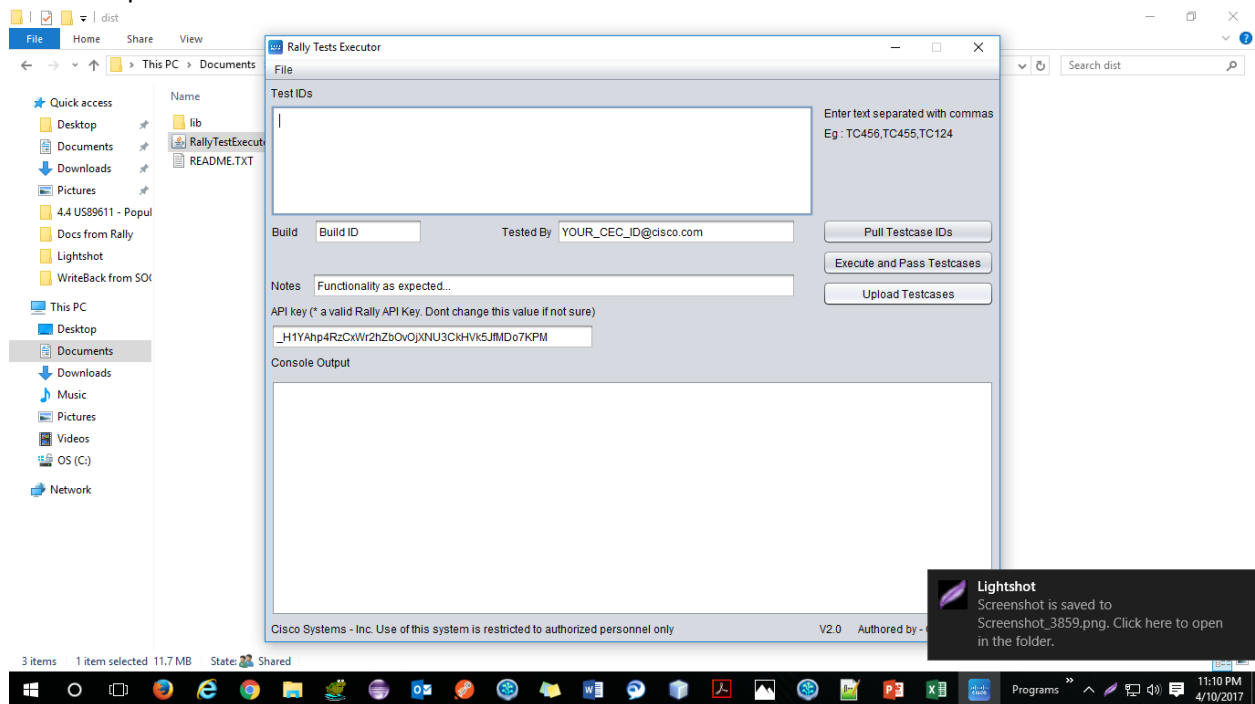

+	TF15454	US97193 : Delivery Group to Group transformation for Views
	TF15620	US99071: Upgrade Oracle project interface to Mule 3.8 version

Download the above template and enter in the correct data and fill in the tescases

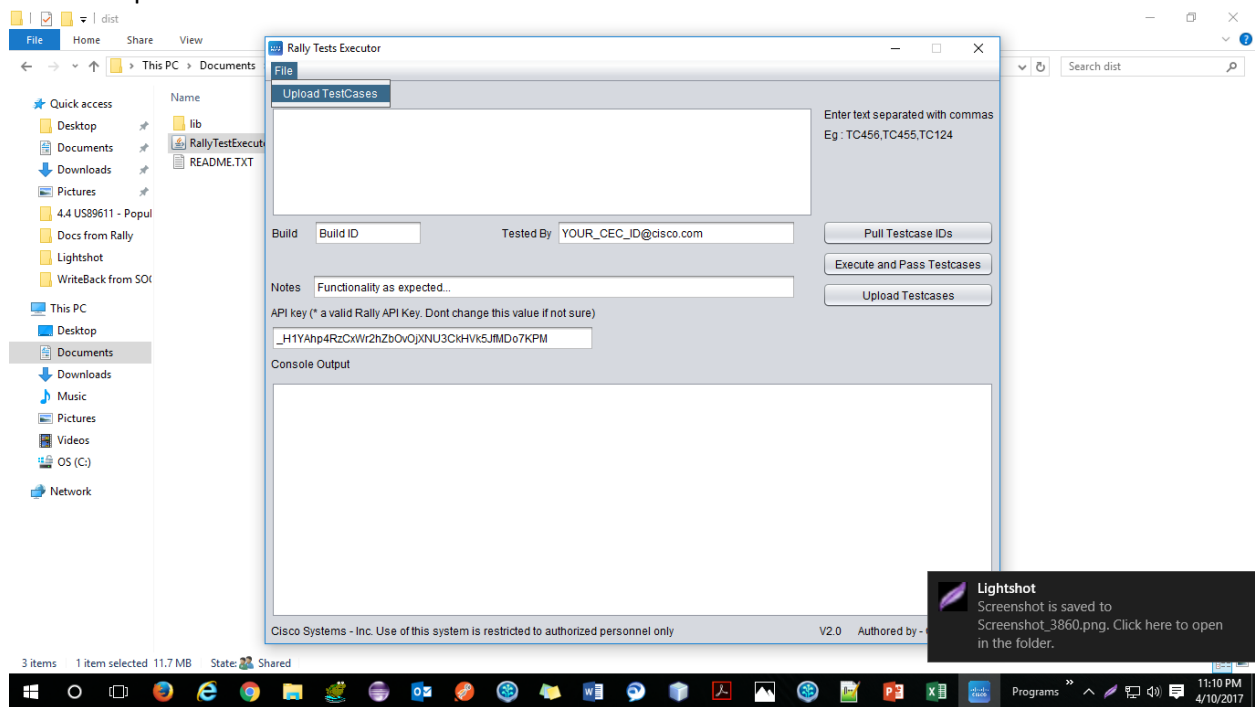

Extract and launch the RallyTestExecutor jar from the zip

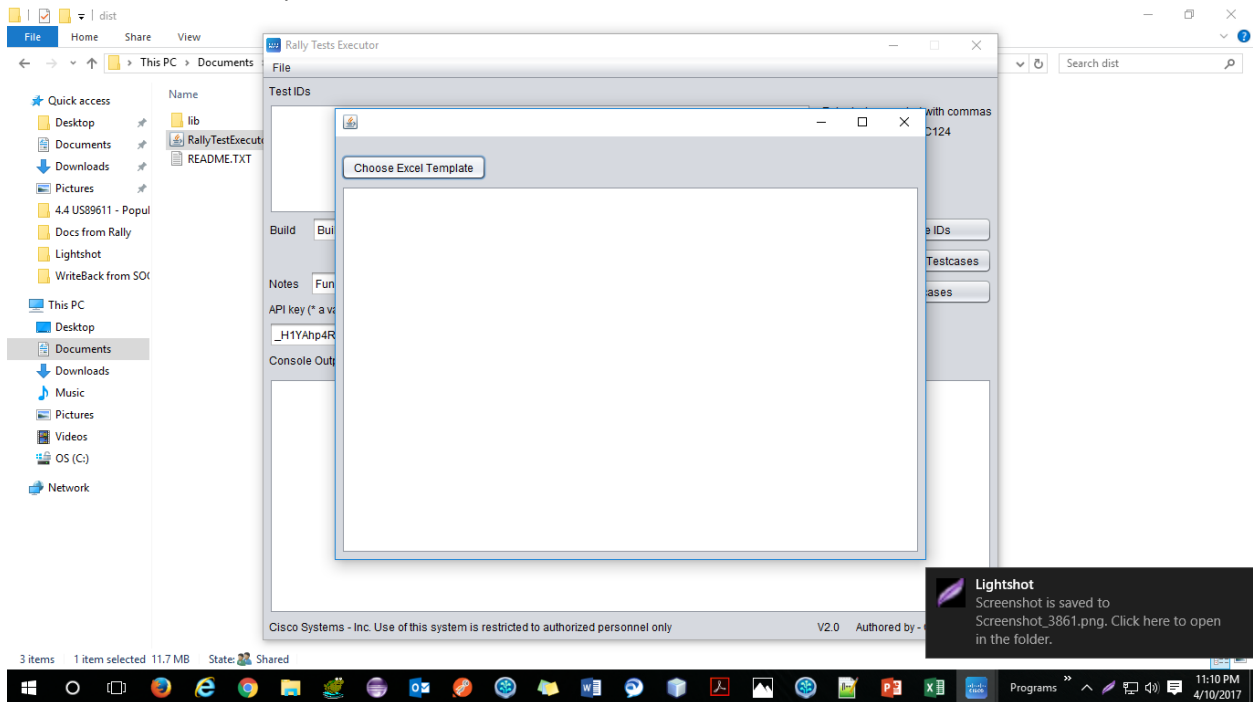

Click on Upload testcase button

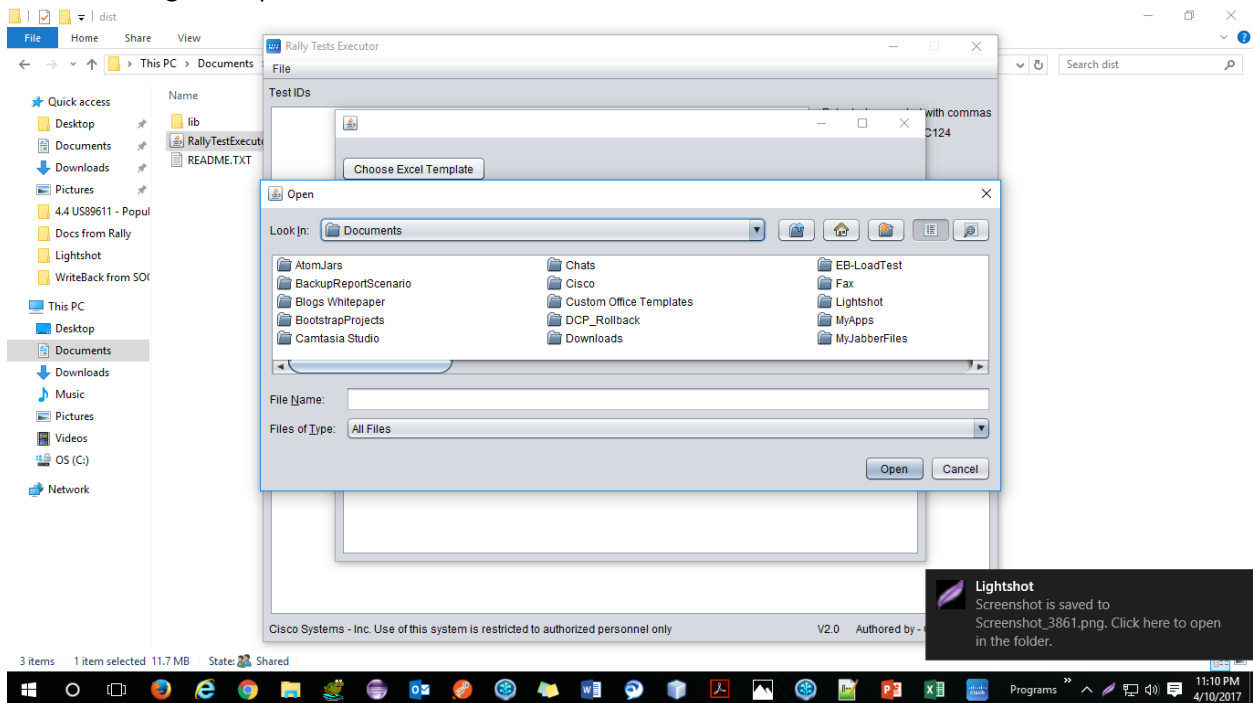

Or File > Upload Testcase

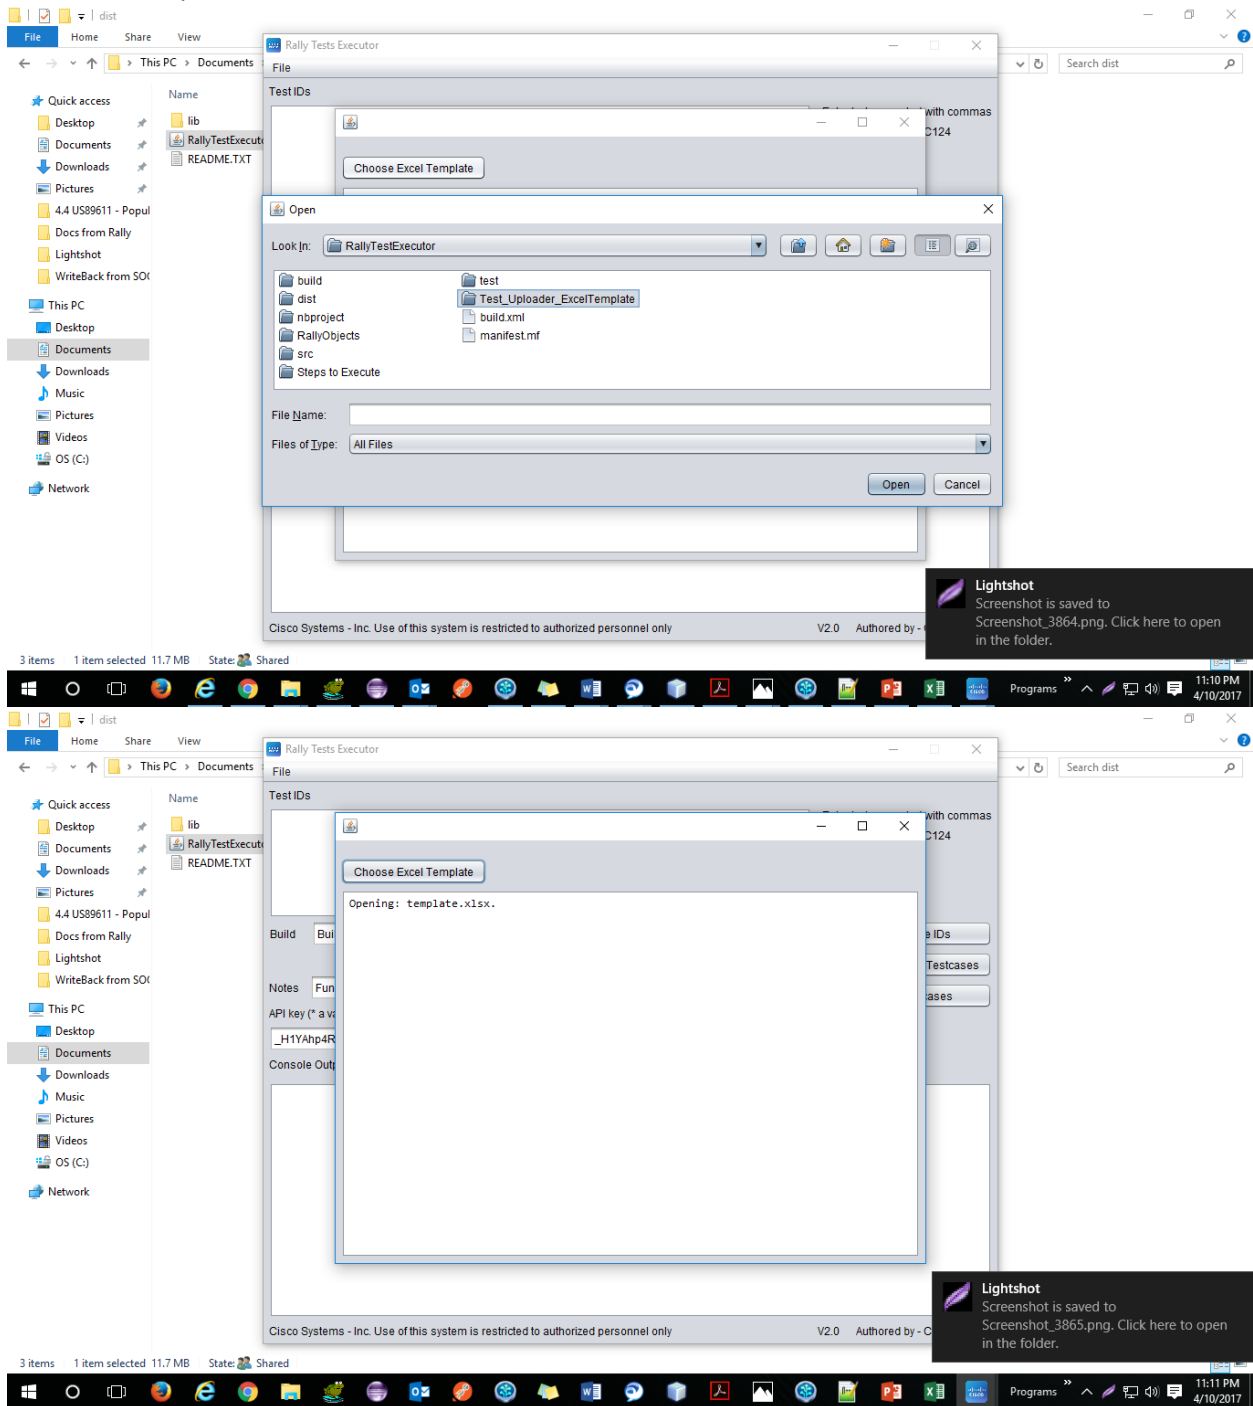

Click Choose Excel Template

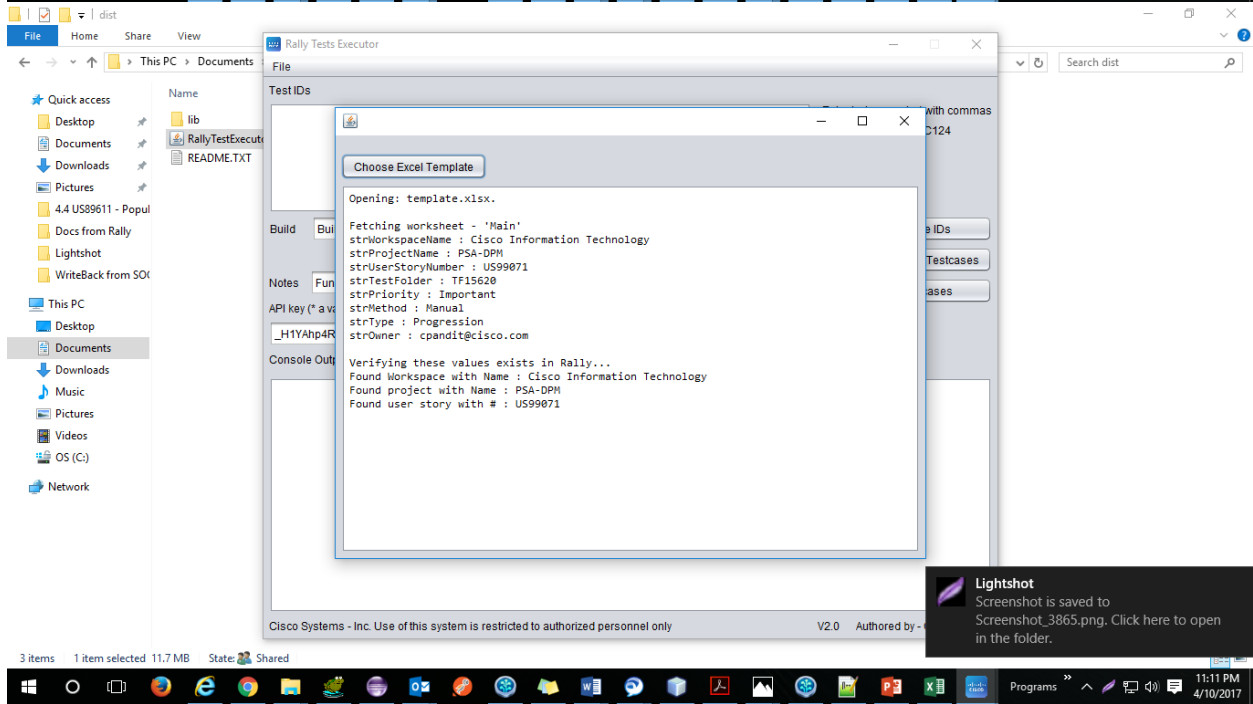

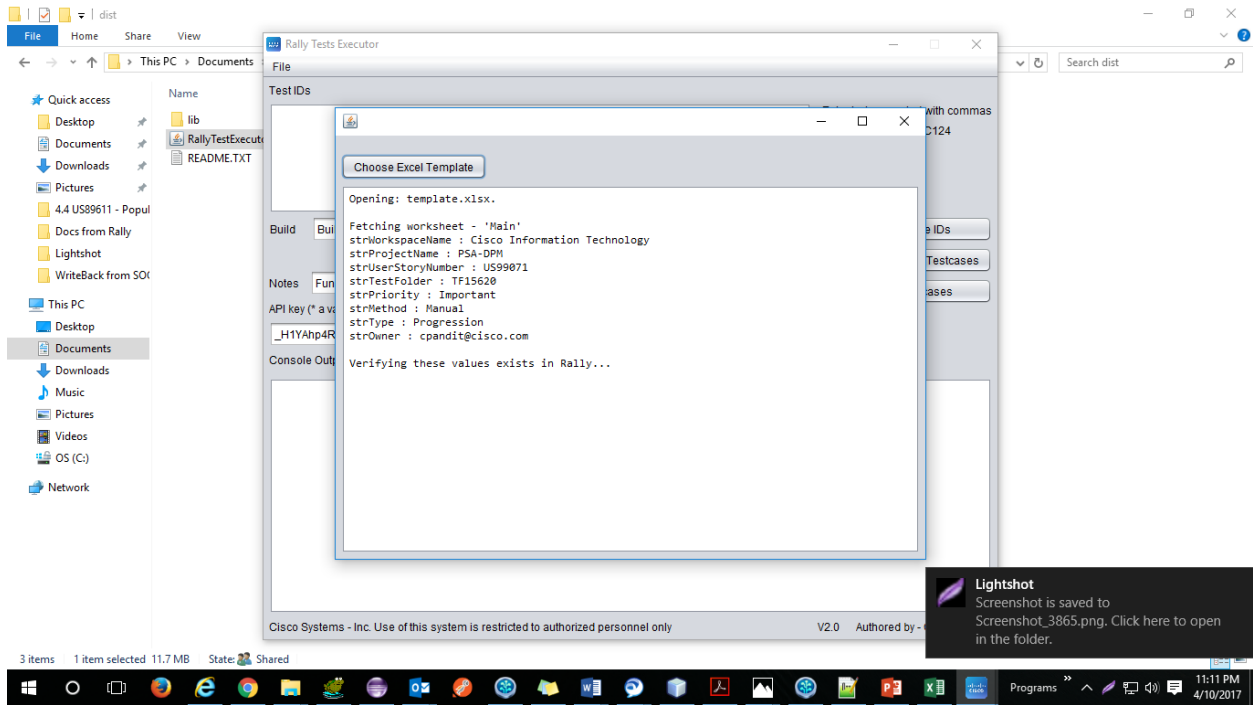

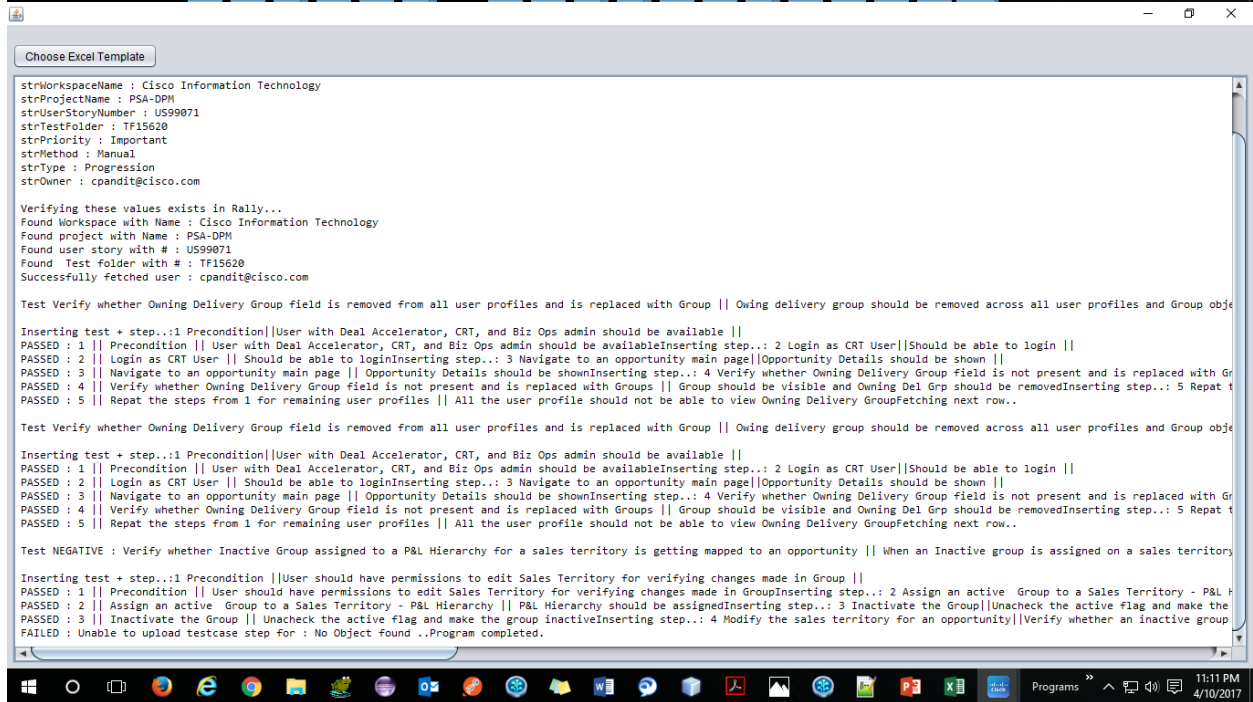

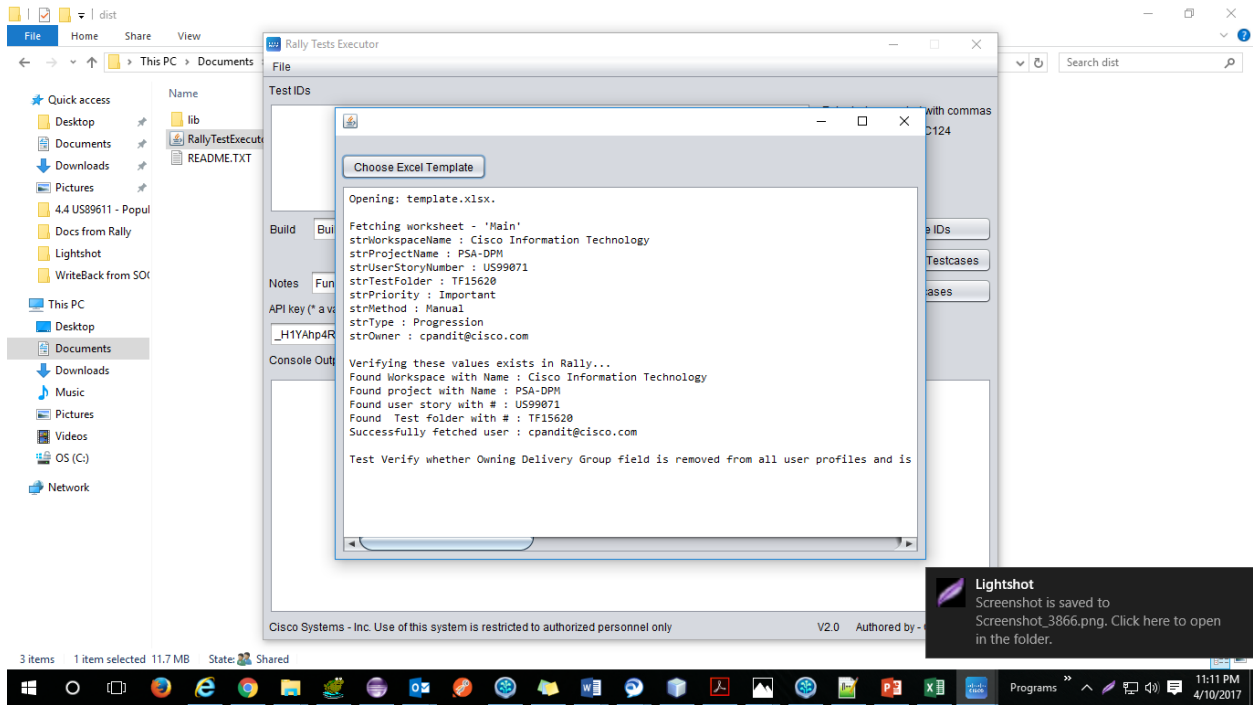

Choose the right template

Select the template

Once done – tests will be uploaded in Rally with same exact steps as mentioned in Template

The screenshot shows the Rally Test Plan interface for the project 'PSA-DPM'. The table lists various test cases with their IDs, names, and status bars. The test cases are organized into a list view, and the status bar for each test case shows a progress indicator. The test cases are as follows:

ID	Name	Status	Project
TF12873	DPM Sprint 4.3	Progress bar	PSA-DPM
TF14394	DPM Sprint 4.4	Progress bar	PSA-DPM
TF14395	US97519 : Contact Permissions	Progress bar	PSA-DPM
TF14528	US71385: Metric Pipeline Accuracy	Progress bar	PSA-DPM
TF14529	US97401: Enablement S1 Interface	Progress bar	PSA-DPM
TF14585	US96360 : Error handling S1	Progress bar	PSA-DPM
TF14691	US97435 : Add Active Flag in Groups	Progress bar	PSA-DPM
TF14692	US97212 : User Delivery Group mapping to transform as user- PSA Group mapping	Progress bar	PSA-DPM
TF14897	US97344: Hide Resource Request tab from users	Progress bar	PSA-DPM
TF15407	US89611 : Populate Owning Delivery Group to Opportunity	Progress bar	PSA-DPM
TF15431	US36856 : Summary & Opportunity view for Resource Demand / Estimation	Progress bar	PSA-DPM
TF15448	US95495	Progress bar	PSA-DPM
TF15449	US97211	Progress bar	PSA-DPM
TF15454	US97193 : Delivery Group to Group transformation for Views	Progress bar	PSA-DPM
TF15620	US99071: Upgrade Oracle project interface to Mule 3.8 version	Progress bar	PSA-DPM
TC282265	Verify whether Owning Delivery Group field is removed from all user profiles and is replaced with Group	No Results	PSA-DPM
TC282266	Verify whether Owning Delivery Group field is removed from all user profiles and is replaced with Group	No Results	PSA-DPM
TC282267	NEGATIVE: Verify whether Inactive Group assigned to a P&L Hierarchy for a sales territory is getting mapped to an opportunity	No Results	PSA-DPM

Opening the associated User story for verifying the test count

The screenshot shows the Rally Search interface. The search results are displayed in a table view, showing the user story 'US99071' and its associated test cases. The search results are as follows:

ID	NAME	MATCHING TEXT	PROJECT	LAST UPDATE DATE
US99071	Upgrade Oracle project interface to Mule 3.8 version	FORMATTEDID: ...US99071...	PSA-DPM	04/10/2017 10:35 AM PDT

The interface also includes a search bar, filters for 'WORK ITEM TYPE' and 'OWNER', and a 'Search workspace' checkbox. The results are displayed in a table view, and the user story 'US99071' is highlighted. The interface also includes a 'SHOW' dropdown menu and a 'Lightshot' watermark.

DESCRIPTION

Normal As a ServicesOne developer, i want our Mulesoft code to be in the latest API version. Please upgrade the Oracle Projects API to be on the latest version of Mulesoft. The instructions are here - API 3.8 setup is well documented by Infra team at https://cisco.jiveon.com/docs/DOC-1560347 Please contact Nisha Nizamuddin for help

A look at the template. Maintain the same column / rows and try to replace special chars with their alphanumeric alternatives

The screenshot shows an Excel spreadsheet titled "template.xlsx - Excel". The ribbon includes FILE, HOME, INSERT, PAGE LAYOUT, FORMULAS, DATA, REVIEW, VIEW, ADD-INS, CA AGILE CENTRAL, and TEAM. The spreadsheet is divided into several sections:

- Project Information (Rows 1-10):**
 - 1 Workspace: Cisco Information Technology
 - 2 Project Name: PSA-DPM
 - 3 User Story Name: US99071
 - 4 Story Name: Upgrade Oracle project interface to Mule 3.8 version
 - 5 Test Folder: TF15620
 - 6 Priority: Important
 - 7 Method: Manual
 - 8 Type: Progression
 - 9 Owner: cpandit@cisco.com
- Tests (Row 11):**
 - 11 Tests
- Test Case Details (Rows 12-26):**

TC#	Testcase Name	Description	Step#	Expected	Description
1	Verify whether Owning Delivery Group field is remove	Owing delivery group should be removed across	1	Precondition	User with Deal Accelerator, CRT, and Biz Ops admin should be available
			2	Login as CRT User	Should be able to login
			3	Navigate to an opportunity main page	Opportunity Details should be shown
			4	Verify whether Owning Delivery Group field is not present and is replaced with Groups	Group should be visible and Owning Del Grp should be removed
			5	Repeat the steps from 1 for remaining user profiles	All the user profile should not be able to view Owning Delivery Group
2	Verify whether Owning Delivery Group field is remove	Owing delivery group should be removed across	1	Precondition	User with Deal Accelerator, CRT, and Biz Ops admin should be available
			2	Login as CRT User	Should be able to login
			3	Navigate to an opportunity main page	Opportunity Details should be shown
			4	Verify whether Owning Delivery Group field is not present and is replaced with Groups	Group should be visible and Owning Del Grp should be removed
			5	Repeat the steps from 1 for remaining user profiles	All the user profile should not be able to view Owning Delivery Group
3	NEGATIVE : Verify whether Inactive Group assigned to	When an Inactive group is assigned on a sales	1	Precondition	User should have permissions to edit Sales Territory for ver
			2	Assign an active Group to a Sales Territory - P&L Hierarchy	P&L Hierarchy s
					Uncheck the s

A Lightshot notification is visible in the bottom right corner, stating: "Screenshot is saved to Screenshot_3875.png. Click here to open in the folder."
